

kernel/string.c

```
graph TD; A[kernel/string.c] --> B[types.h]; A --> C[x86.h];
```

A diagram illustrating file dependencies. At the top is a gray rectangular box labeled 'kernel/string.c'. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white rectangular box labeled 'types.h'. The right arrow points to a white rectangular box labeled 'x86.h'. All boxes have a black border.

types.h

x86.h
